until recently. Lately, I

have noticed that backgrounds in HD programs are blotchy, pixelated. It's more obvious in filmed programs, such as cop shows, less of a problem with live sports.

with their sleek looks and rich, high-contrast picture. A high-quality plasma will significantly upgrade your home theater experience and Toshiba's "66-Series" models deliver tremendous bang for the buck. Plasma still holds a performance edge over flat-panel LCD when it comes to black level and contrast ...

My 5 year old 65 inch Toshiba Rear Projection TV worked so well, I decided to stick with Toshiba to get a flat Panel TV. This TV works OK, but not excellent like my other TV. The Panel is made by LG, not Toshiba themselves. I start to notice the burn-in fact, the ghost image on the panel. I already have 1 bad pixel after only 2 weeks.
