Besides decentralization to executive agencies and social organizations, public management reform involves devolution to sub-national units of activities and the corresponding fiscal resources to finance them. It involves also making public managers more autonomous and more accountable. In synthesis, decentralization-delegating authority to lower levels-is crucial to managerial public ...

The Devolution Parliament The next parliament will find itself once again dominated by Brexit - whatever the result of the General Election. The main risk is that, in doing so, Westminster will yet again be incapable of addressing the over-centralisation and regional inequalities that have created such a divided country.

All of which encourages a centralisation of attitude and institutional arrangements. A major agent of this pre-devolution was the Scottish Office, which although a UK Government Department, saw its role under successive Secretaries of State for Scotland, as making the case for more funding and resources within the Westminster and Whitehall system.
