Financial Management For Public Health

Aligning public financial management (PFM) and health financing. Since public funds are the cornerstone of sustainable financing for UHC in most countries, the public financial management (PFM) system – the institutions, policies and processes that govern the use of public funds – plays a key role. A strong PFM system can ensure higher and more predictable budget allocations, reduced fragmentation in revenue streams and funding flows, timely budget execution, and better financial ...

Financial Management For Public Health And Notforprofit ...

Public Financial Management (PFM) challenges differ in size and scope across countries. Increased revenue for the health sector alone will not achieve UHC goals unless well-functioning PFM systems are in place. To leverage PFM reform in the health sector, WHO provides support in the following areas: Global experts network: WHO convenes experts and partners for knowledge exchange under the Montreux Collaborative Agenda on Fiscal Space, PFM and Health Financing.
