Migration and World History: Reaching a New Frontier Leo Lucassen Migration history has made some major leaps forward in the last fifteen years or so. An important contribution was Leslie Page Moch's Moving Europeans , published in 1992, in which she weaves the latest insights in migration history into the general social and economic history of western

Migration and World History: Reaching a New Frontier

The Land Bridge Theory was the first theory and was constructed over seventy years ago. This theory is known as a standard view of humans coming to the New World. The Land Bridge theory holds that people first migrated from Northern Asia less than 12,000 years ago crossing to North America over a temporary land bridge between Asia and Alaska.
